FRIULANO 2019

DOC Friuli

Produced from the indigenous Friulano grapes. Dry and moderately alcoholic, this wine is typical of our Region.

Friulano has distinctive characteristics and is an absolutely unique wine from our region.

Perfumes are fine and elegant, with a scent of almonds and flowers that anticipates a slightly bitter and pleasant back taste over a well structured body. Vintage 2019 took advantage from a very warm and dry summer, and has very typical and distinctive character.

It is an important white wine for every occasion: excellent as an aperitif, ideal as a complement to fish dishes, suitable also to accompany cheeses and light meats. To be served cool.

- Estate vineyards
- Destemming protected with frozen CO2
- All wine production in steel tanks
- Bottling with sterile filtration
- No anti-fermentative products used
